

ARMOURCOAT™
SURFACE FINISHES

POLISHED PLASTER

Smooth

The Smooth polished finish is similar to the *marmorino* stucco, used extensively in northern Italy during the Renaissance period as an internal and external wall finish and as a background for the ornate frescoes which dominated much of the decoration of that time. It is this combination of material and technique that is now widely regarded as *Venetian plaster*.

The final appearance of this finish is very dependent on the *hand* of the individual applicator, making it possible to achieve anything from a plain, lightly polished surface to a more highly burred and marbled effect.

Bullring Shopping Centre, England. Architects: Benoy

Asprey, London, England. Designers: Lord Foster / David Mlinaric

Cleo's Wine Bar, London, England. Design: RSD Design
